No problem.

When we offer a price, we ask for the estimated quantity that they will purchase. If they don't purchase close to the amount they estimated, we encourage them to do that, or their price may not remain the same, or their VIP provision may change.

Penny,

The increase in orders is due to increased compliance and new pharmacies being added to their source program.

Let me know if you need anything else.

Steve,

HD Smith placed an order for more than 3 times their normal 10mg methadone. It's only 700+ bottles, but we have to give a reason for the increase. Do you know if they have picked up new business, or are we driving compliance, or.....? Thanks for your help.
